

THE Haiti Herald

WINTER 2023

Just Keep Swimming

As a fan of the Pixar movies, I love when Dory in “Finding Nemo” has as her goal to “just keep swimming!” This year in Haiti, with new obstacles facing the hospital staff and patients each day, our main goal has been to “just keep swimming!”— moving forward toward the goal of providing quality health care in Christ’s name, against all odds. In spite of a spike in cholera cases, in spite of difficulties in procuring supplies, in spite of the lack of availability of fuel, and in spite of the inability of many of the staff to reliably navigate the roads to arrive for their shifts, we are all grateful that the hospital remains open and continues to save lives. At one point, the hospital was down to its last case of IV fluids with every bed full, primarily of suspected cholera patients. Through a myriad of incredible blessings provided through other missionary friends, adequate IV fluids arrived... just in time! Connections are being made with other facilities to share services, and new ways to find supplies are being explored and found every week. Nothing is easy in Haiti but God is faithful... always! As for all of us who work with the hospital, we will “just keep swimming!”

Blessings Abound - Review of our 2022 Matching Campaign

The monetary goals set for our recent matching campaign were decided months ahead of the start of the fundraiser. While the numbers in our mind seemed lofty and unrealistic, we prayed and trusted that they were indeed the amount God had in mind. As we prayed through the month of December, we had no way of knowing how mightily God would answer them. At the conclusion of our campaign, the point was made clear to us once again: God is faithful! From the help of countless friends (like YOU!), the matching goals for the hospital were met *and exceeded!*

It was a record-setting year, and we could not be more grateful. While the situation in Haiti remains extremely challenging, having adequate funds means we are able to distribute payroll and purchase needed medicine and supplies—that’s a huge stressor lifted off us and the staff. Even though the needs in Haiti remain great, we are filled up knowing God will provide. We look forward to the rest of the year as we see how your generosity will be blessed, and we will joyfully continue to pray for God’s guidance as we strive to provide care in His name.

Meet LeAnna Vine

As the needs of the hospital continue to escalate, so does the need for improved communication and task management. We are thrilled that Mrs. LeAnna Vine has joined the Mission Haiti Medical US team! LeAnna has been with MHM for a year now and is far exceeding all our hopes for her role! LeAnna is a 2020 graduate of Liberty University with a degree in Teaching English as a Second Language. She and her husband, David, have been married for three years and enjoy traveling with their two dogs. As David pursues his career as a P-8 pilot in the Navy, they are looking forward to exploring their new home in the state of Washington, after saying goodbye to their current home in Jacksonville, Florida. LeAnna and David love the Lord deeply and continue to serve him in various ways. LeAnna's smile and spirit leave no doubt that the Lord is the joy of her life. As you see LeAnna's creativity displayed in MHM social media and communications, and as you interact personally with her, we are sure you will agree that she is a gift from the Lord to help advance the kingdom work with the hospital in Saint Ard, Haiti!

Prayer & Praise

We are thankful for a God who listens to our prayers and praises. We also want to pray for you, so please share your requests with us!

- Continue to pray for peace in the face of increasing unrest in Haiti, due to a void in leadership and gang control.
- Pray we find new and reliable ways to procure and deliver needed supplies to the hospital.
- We praise the Lord for his abundance in meeting financial needs for year-end expenses!
